- **10-pack or 5-pack**: a company membership with two options to choose from based on your organization’s needs. These rates invite you to enroll either ten or five team members who will enjoy a variety of HRMAC benefits. Expires June 30th of the current membership cycle.

- **INDIVIDUAL**: a single membership with one rate. Open to anyone who would like to be a part of the HRMAC community and who wants to direct their own professional development and level of participation. This membership is not attached to a company. Expires one year after the date of purchase.

**Q: WHY is HRMAC introducing a new membership model?**

**A**: To provide greater access and options to HR practitioners and the organizations that support their success. The HRMAC Board of Directors evaluated the membership model and how it works for our current and future members. The new, simplified model considers the way organizations and individuals invest in their professional development. The new approach is simple, inclusive, and focused on the future of the Chicago HR community.

**Q: WHEN does the new membership structure go in effect?**

**A**: April 2019
